ABOUT ME

I am an enthusiastic and ambitious developer with experience in full-stack development. My professional journey is marked by a strong sense of pride and ownership in my work, understanding its critical impact on the overall success of the business. As a critical thinker and problem solver, I excel in fast-paced, agile environments that prioritize continuous learning and improvement. My commitment to delivering high-quality solutions drives me to stay at the forefront of technology and development practices.

SKILLS

- JavaScript: Proficient
- MERN stack: Proficient
- C#/.NET: Proficient
- Flutter: Proficient
- AWS (CDK, Lambda, API Gateway, SQS, SNS, VPC) : Basic)
- SQL: Basic
- Docker: Basic
- Git: Proficient
- Problem solving
- Strong Communication
- Deep learning

EXPERIENCE

JUNIOR DEVELOPER

Culture Systems

July 2024 - Present

- **Developed a comprehensive business management system** tailored for Agri-Manufacturing for our client VA Milling. It streamlines key operations including accounting, sales, production, and logistics, enabling efficient workflow management. The system integrates with the QuickBooks API for seamless accounting processes. We built the backend using Rust, utilizing a kv store for the database, ensuring high performance and reliability. The frontend is developed in Flutter, providing a modern, cross-platform user interface for optimal user experience.

SOFTWARE ENGINEER INTERN

Kaha

Oct 2023 - June 2024

- **Developed an external data adapter for Fen-X** to integrate Dunn and Bradstreet's Direct+ API. Utilized .NET and AWS technologies, including API Gateway, Lambda, and SQS, to enable seamless data exchange. Implemented Infrastructure as Code (IaC) using Pulumi for streamlined deployment and management of AWS resources. Ensured the solution adhered to asynchronous communication patterns and met all specified requirements.
- **Contributed to a Fenergo UI team** focused on enhancing the core product, Fen-X, by adding new features to the user interface. Leveraged React and TypeScript to implement UI enhancements, ensuring a seamless and intuitive user experience. Collaborated with team members to meet project requirements and deliver high-quality solutions.

EDUCATION

AWS CERTIFIED CLOUD PRACTITIONER

AWS

2023

CERTIFICATE IN FULL STACK WEB DEVELOPMENT

Hyperion Dev

2022-2023

SECONDARY SCHOOL

Wesvalia High School

2008 - 2012

EXPERIENCE
